Epigenomics adjusts 2015 outlook after FDA response letter

Berlin, Germany, November 4, 2015 - Epigenomics AG, Berlin, Germany, (Frankfurt Prime Standard: ECX; ISIN: DE000A11QW50) adjusts its financial outlook for fiscal year 2015 following the FDA response letter on the Company's lead product Epi proColon®. As communicated in the past, such a decision has a significant impact on the achievement of certain projected financial parameters for 2015.

The Company's financial outlook for 2015 changes as follows:

Revenue is projected to exceed last year's figure of EUR 1.5 million, which is significantly less than the projected EUR 3-4 million. In the first nine months 2015, Epigenomics recorded revenue of EUR 1.3 million* (9M 2014: EUR 1.1 million).

EBIT is now projected at the lower end, or may slightly fall short, of the previous outlook range of EUR -10.0 to -11.0 million. Cash consumption is projected at the upper end of, or may slightly exceed, the previous outlook range of EUR 9.5 to 10.5 million.

*preliminary; final report on first nine months of 2015 will be published on November 18, 2015
