

Ad Hoc Announcement Pursuant to §15 WpHG (German Securities Trading Act)

Epigenomics AG successfully completes private placement of newly issued shares

Not for distribution in the United States

Berlin, Germany, October 29, 2013 – Today the Executive Board of Epigenomics AG (Frankfurt Prime Standard: ECX; ISIN: DE000A1K0516) with the approval of the Supervisory Board has resolved on the increase of the Company's share capital by EUR 660,260.00 from the authorized capital 2013/I against contribution in cash. The resolution follows a private placement of 660,260 newly issued shares with institutional investors in Europe and the U.S. Among others, the owners of Polymedco, Inc., Epigenomics' commercialization partner in the U.S., participated in the transaction.

The issue price has been set at EUR 4.993 per share. This equals the volume-weighted average Xetra price during the period of the last three trading days before today's date. The preemptive rights of the shareholders were excluded. Gross proceeds from this to Epigenomics amounted EUR 3.3 m. Upon registration of the capital increase with the commercial register ("Handelsregister"), the Company's share capital will increase to EUR 12,996,387.

Epigenomics AG intends to use the net proceeds from this offering to finance its current operations and to build and strengthen the distribution capacities for its lead product Epi proColon®, a blood-based test for the detection of colorectal cancer.
