

Press release

Epigenomics AG to Participate in Raymond James Life Sciences and MedTech Conference in June

Berlin (Germany) and San Diego, CA (U.S.A.), June 4, 2019 – Epigenomics AG (FSE: ECX, OTCQX: EPGNY; the “Company”) today announced that company management will be presenting at the Raymond James Life Sciences and MedTech Conference in New York on Tuesday, June 18, 2019, at 1:50 pm (EDT) / 7:50 pm (CET) and invites investors to participate by webcast. The webcast can be accessed via the following link <http://wsw.com/webcast/rj115/epgny/> as well as in the investor relations section of Epigenomics’ website at www.epigenomics.com.

About Epigenomics

Epigenomics is a molecular diagnostics company focused on blood-based detection of cancers using its proprietary DNA methylation biomarker technology. The company develops and commercializes diagnostic products across multiple cancer indications with high medical need. Epigenomics’ lead product, Epi proColon, is a blood-based screening test for the detection of colorectal cancer. Epi proColon has received approval from the U.S. Food and Drug Administration (FDA) and is currently marketed in the United States, Europe, and China and selected other countries. Epi proLung® and HCCBloodTest, blood-based tests for lung and liver cancer detection, has received CE mark in Europe.
